

OFFICIAL SUPPLIER OF SAILING APPAREL AND FOOTWEAR FOR THE VOLVO OCEAN RACE 2014-15

©Matt Knighton/Abu Dhabi Ocean Racing/Volvo Ocean Race

Welcome to MUSTO. If you grew up with us or have known us for years, welcome back. If you don't know us, everyone who does will tell you why you should read on. You see, we have made a name for ourselves in the sailing world.

In fact, we are the world's leading offshore sailing brand, and we're making waves in the inshore and dinghy circuits too. But how does that help you cross the finish line?

THE PURSUIT

It proves our purpose. We are in pursuit of the ultimate in clothing performance so you can perform at your best. But it mustn't perform for just a season. It needs to last you years. You have to be able to trust it in all weathers, wherever you are in the world, so you can sail and pursue adventure for longer.

Performance comes through us staying ahead of the curve on innovative fabrics. By coming up with new ways of engineering products to enhance how they perform. By caring about details as small as whether we use laser or bar tack drainage holes in the pockets. And all of this leads to one thing...

Purpose engineered sailing kit that will face any weather, any waters and any climate. We make it our mission to manage water in all of its forms, from ocean spray to rain and sweat to keep you dry, comfortable and able to achieve your best. You'll find kit for every type of sailor, from dinghy sailor to round-the-world yacht racer. We are a British brand, but there isn't an ocean our kit hasn't crossed. And some of the biggest names in sailing are wearing MUSTO.

KIT TESTING

We know the best ideas come from the people who live and breathe sailing. That's why we rely on our community of professional ocean racers and world-class dinghy sailors to test MUSTO clothing to the extreme. They put our kit through its paces on the world's toughest races, like the Volvo Ocean Race, and in the planet's most hostile environments, from the Doldrums to the Southern Ocean. They test and improve it before you can buy it. We adjust everything from the way we stitch on abrasion resistance to adjusting the length of fabric by just a centimetre. All of our GORE-TEX® garments have been

stringently tested by Gore too. We are fanatic about the detail. We are driven to make the best sailing products you can buy.

TECHNOLOGY PARTNERSHIPS

To bring you the ultimate sailing gear, having the latest fabric technology and design is crucial. So we invest in discovering and applying fabric innovations into our clothing. To do this, we have partnered with experts.

Since 1994, we have worked in partnership with W. L. Gore – like-minded innovators and the manufacturers of the ultimate waterproof fabrics. Together we have pushed the boundaries of performance and created new fabrics, including the GORE-TEX® Pro membrane, that are tough enough to withstand even the Southern Ocean.

To create the ultimate marine footwear we partnered with Clarks, the British shoe company with over 200 years of expertise in footwear innovation and comfort. We have

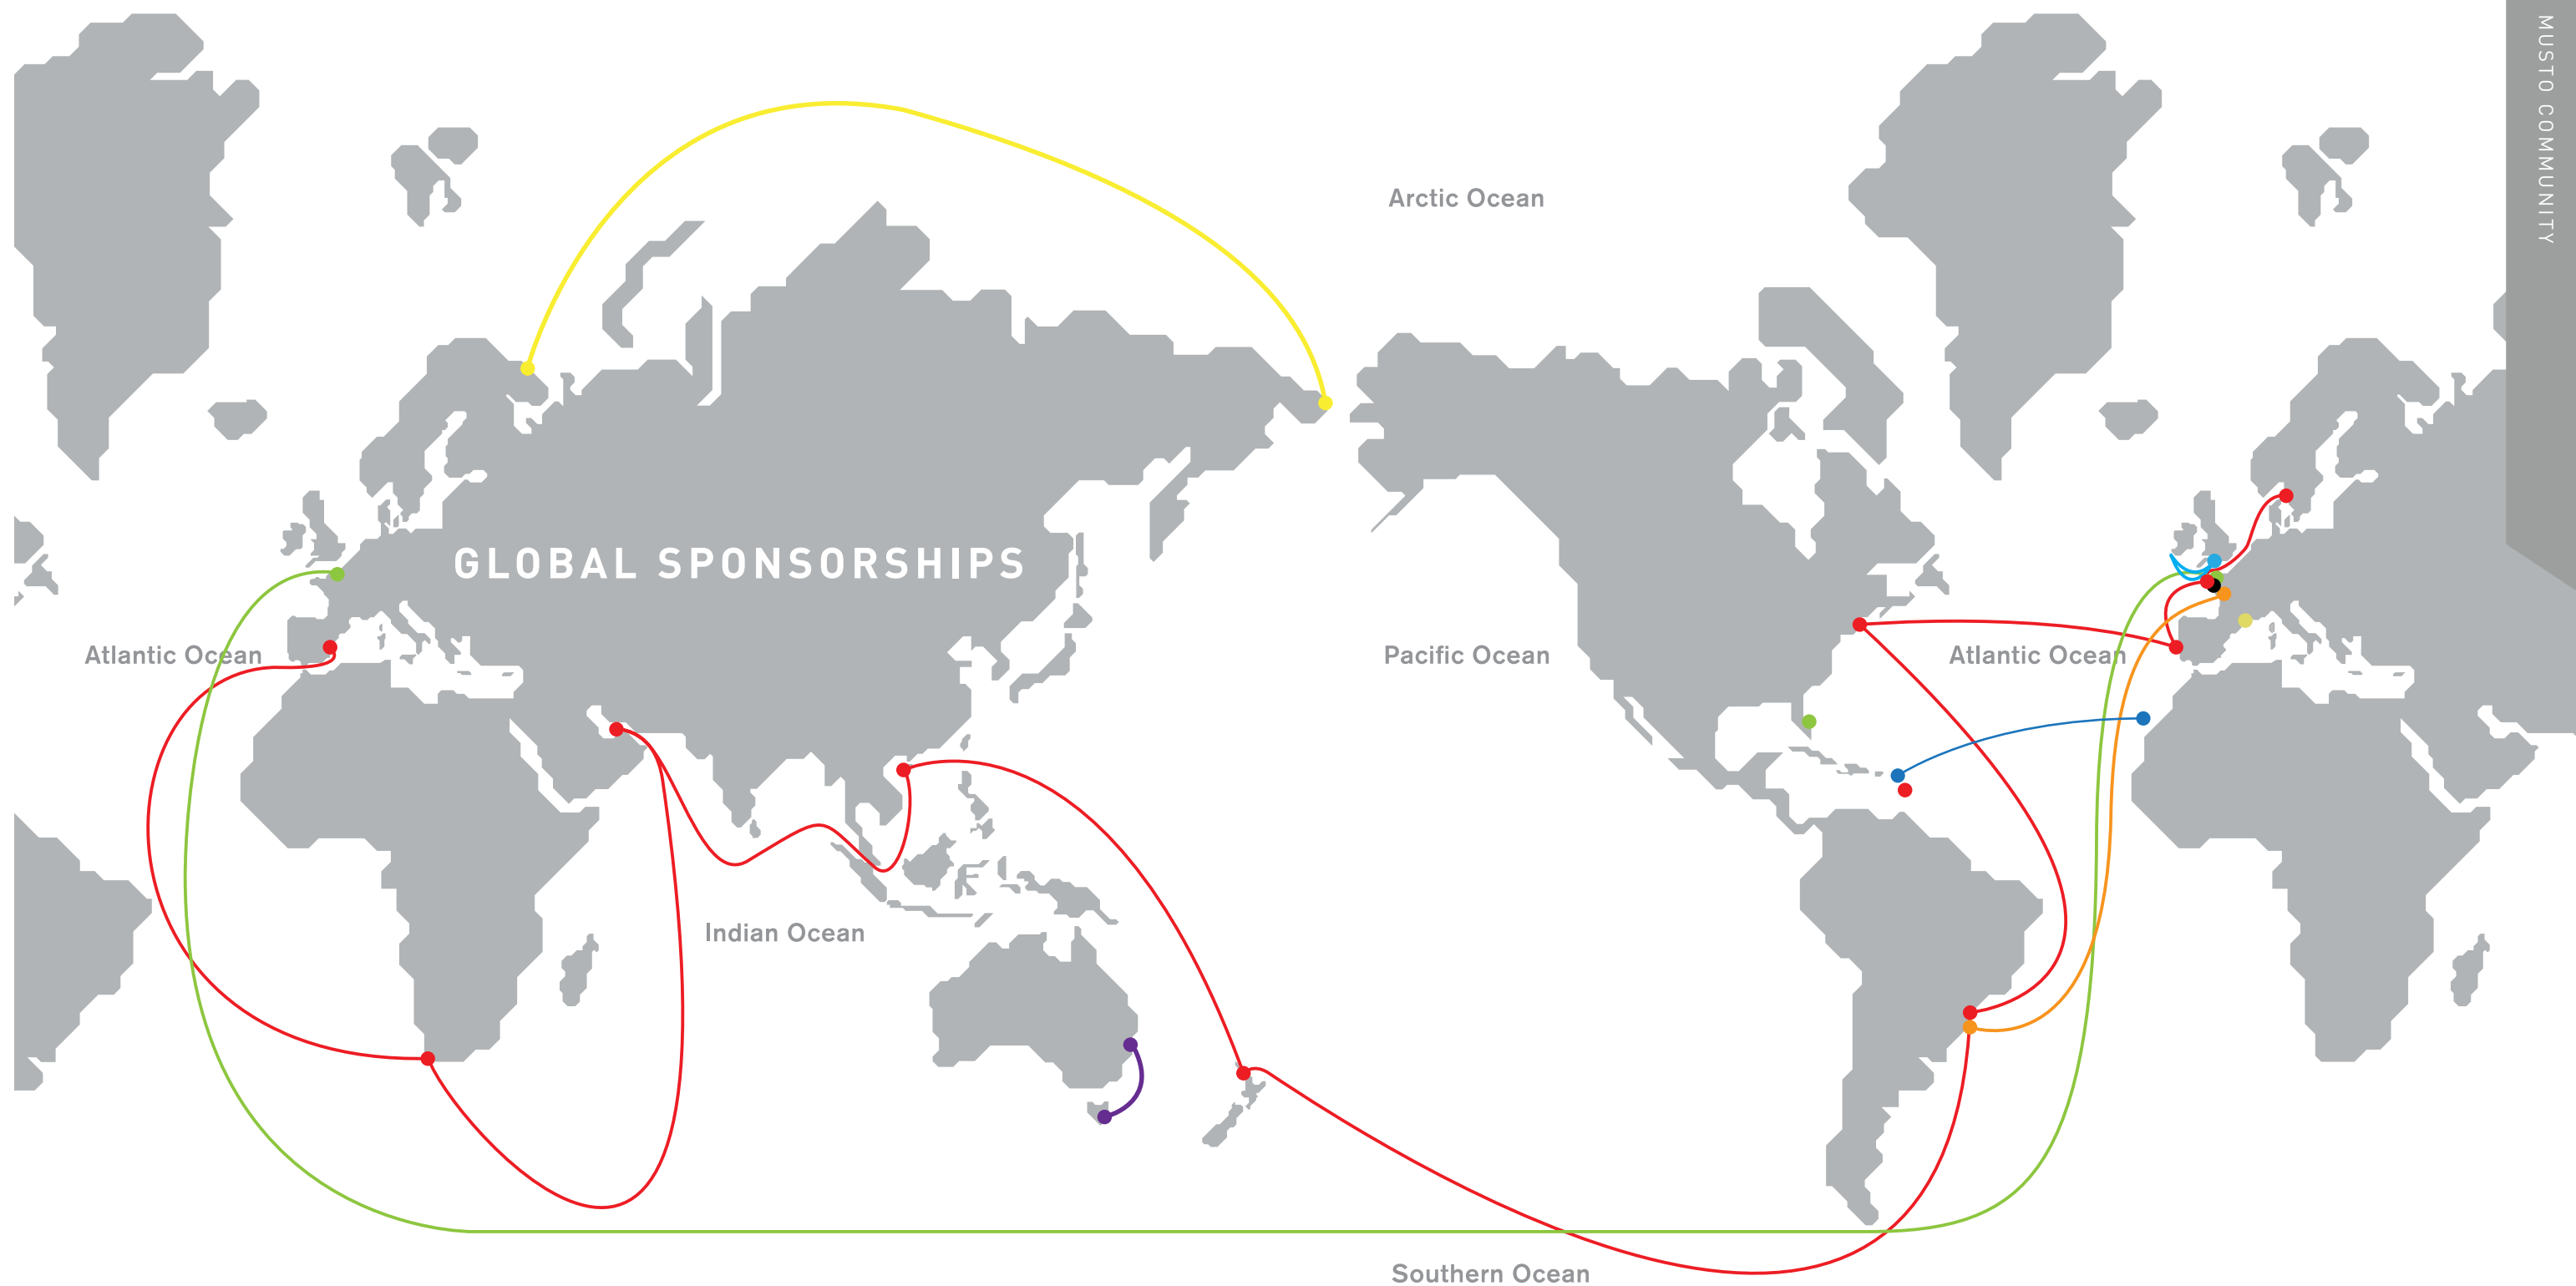

collaborated to bring you ultra-grip, self-draining and anti-odour sail racing and deck shoes.

MUSTO clothing is packed with technical fabrics including PrimaLoft®, CORDURA® and WINDSTOPPER® to protect you from the elements and keep you at just the right temperature. Find out more about our technologies at www.musto.com/technology

COMING UP

In this catalogue, you'll find product we are proud to have made. But this doesn't contain everything we do. So don't miss out. Visit www.musto.com and find out more about our philosophy at www.musto.com/our-story

THE MUSTO COMMUNITY

At MUSTO, we have built a community of Ambassadors and teams to test and improve our sailing kit.

MUSTO AMBASSADORS

Our Brand Ambassadors are professionals dedicated to sailing. They give us honest feedback on our products and tell us exactly what they want from their kit. We work closely with Volvo Ocean Race sailors Ian Walker, Charlie Enright and Mark Towill, dinghy champion Richard Mason, Vendee Globe record holder and two-time IMOCA World Champion Mike Golding, and 2008 IMOCA World Champion and skipper of Banque Populaire VIII, Armel Le Cléac'h. There is no ocean where these sailors haven't tested MUSTO kit.

OUR TEAMS

We also have the privilege of working with entire teams so our clothing gets tested in every role on the boat. We worked with Volvo Ocean Teams Abu Dhabi Ocean Racing, Team Vestas Wind, Dongfeng Racing Team and Team Alvimedica. We've supplied kit to team Phaedo who can't stop breaking records. In the Transat Jacques Vabre we partnered with the skippers of Banque Populaire VIII (Armel Le Cléac'h), PRB (Vincent Riou, winner of Jacques Vabre IMOCA class 2015), Maître CoQ (Jérémy Beyou) and Macif (Pascal Bidégorry winner of Jacques Vabre Ultime class). Plus, Franci Joyon sailing IDEC, a giant multihull, who holds a single handed round-the-world record tests our kit. Our dinghy kit is thoroughly tested inshore by the successful Pinnell and Bax race team.

MUSTO SAILING COLLECTIONS

Each range of MUSTO technical sailing kit is built for a distinct purpose. Find the best kit for you.

HPX PRO AND OCEAN Our toughest GORE-TEX® ocean sailing gear for performance in Southern Ocean extremes and ultimate endurance.	8
MPX OFFSHORE Outerwear designed for prolonged offshore sailing in durable GORE-TEX® fabric for comfort, movement and practicality. Ideal for transatlantic crossings.	10
MPX RACE LITE New, very lightweight and super breathable GORE-TEX® waterproof outerwear for extra comfort in high energy racing offshore and inshore.	12
LPX AND LPX DYNAMIC Lightweight and stylish GORE-TEX® waterproof kit for warm weather inshore and coastal sailing and high octane racing.	14
SOLENT New entry level GORE-TEX® outerwear at competitive price designed for use on powerboats or RIBs and around the marina.	16
SUNBLOCK COLLECTION Sunblock tops with UPF40 protection against the sun's harmful UV rays.	17
BR2 Durable, weatherproof and breathable outerwear for true offshore and coastal sailing including a new racing range.	18
BR1 Lightweight weatherproof protection for fair weather day sailing or on a RIB in warmer conditions.	20
EVOLUTION PERFORMANCE Durable legwear with abrasion resistance and stretch for comfort on the water.	22
EVOLUTION LAYERING Technical tops and jackets designed for layering to keep you warm or cool as needed, for use on and off the boat.	24
DINGHY AND JUNIOR DINGHY Designed for inshore performance dinghy sailing and racing to maximise your freedom of movement and comfort.	26
3-LAYER SYSTEM Dedicated technical sailing base and mid layer sets and how the layering system works.	30
SAILING FOOTWEAR Sailing footwear engineered for every climate.	32
SAILING BAGS Waterproof and durable bags and luggage for the boat and on land.	34
SAILING ACCESSORIES Hats, gloves, belts, socks and more to complete your sailing kit.	36
MORE MUSTO COLLECTIONS MARINE LIFESTYLE, MARINE ADVENTURE, WOMEN'S TRAINING	40

"Having sailed the Southern Ocean, rounded Cape Horn and broken the 24-hour VO65 record, we've given your offshore kit a full test! Everyone onboard has nothing but praise for the kit. It's both 100% waterproof and breathable. Thank you for keeping us warm and dry and enabling us to sail safe and fast."

Ian Walker, MUSTO Ambassador, Skipper of Abu Dhabi Ocean Racing
In the Volvo Ocean Race 2014-15.

ENHANCED WARMTH

Fleece in crown of hood and collar now a grid fleece for a greater warmth to weight ratio.

3-WAY ADJUSTABLE HOOD

3-way adjustable hood for custom fit with or without a helmet.

BONDED CLOSURES

Bonded closures at the neck, pocket and cuffs for ease of use and increased durability.

FLAT CORDLOCKS

New flat cordlocks for comfort and durability – requested by Abu Dhabi Race Team, Volvo Ocean Race 2014-15.

LONGER BACK HEM + ADDED CORDURA®

Back hem lengthened for greater coverage and a larger CORDURA® area for increased abrasion resistance – requested by Team Vestas Wind, Volvo Ocean Race 2014-15.

ProVISION HOOD

Hood with ProVISION windows in the side gives increased protective coverage while maintaining peripheral vision – requested by Dongfeng Race Team, Volvo Ocean Race 2014-15.

EASIER HOOD STORAGE

Hood pod updated to allow for faster and easier hood storage.

CORDURA® POCKET LINING

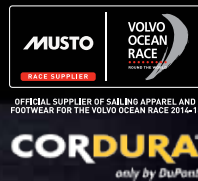

All-new cargo pocket half lined with CORDURA® for increased durability against any stowed tools.

FEWER SEAMS

Using the minimum viable number of panels reduces seaming and weight and enhances durability without reducing freedom of movement.

- HPX TECHNICAL COLLECTION -

HPX is our most rugged foul weather gear protection available. It is designed to endure the extreme challenges faced by the Volvo Ocean Race teams who drove innovation in this year's HPX upgrades. HPX is now more durable, has the minimum viable number of fabric panels and therefore fewer seams, and now includes large ProVision hood windows. We use 3-layer GORE-TEX® Pro fabric with an Ocean Technology® membrane and Gore™ Micro Grid Backer that is three times thicker than the standard GORE-TEX® fabric to provide the pinnacle of durable waterproof, breathable and windproof performance. This is the ultimate in MUSTO Ocean Engineered technology.

- MPX OFFSHORE COLLECTION -

The MPX Offshore sailing collection is a favourite of professional sailors and ideal for recreational sailor heading offshore too. Available in both men's and women's sizes, MPX Offshore is waterproof, windproof, breathable and highly durable. This foul weather gear is constructed of a 3-layer GORE-TEX® Pro fabric and designed for comfort, movement and practicality for prolonged periods of offshore sailing. The Offshore Race version gives you a stripped back, more streamlined option for racing without bulk and weight. A looser fit, the MPX range gives plenty of room for layering up in cold weather.

THE FUTURE OF RACING

30% LIGHTER AND 20% MORE BREATHABLE

COLLAR

Grid fleece lined for greater warmth to weight ratio.

ZIP POCKETS

2 chest and 2 side hand pockets are laser cut and bonded with reflective PU tape to minimise water ingress. The tough zip rubber is salt water resistant. An inner security pocket to store personal items. All pockets have laser cut drainage holes.

ARTICULATION

Articulated elbows and underarms to increase freedom of movement.

SCOOPED BACK HEM

Extra protection plus adjustable hem tensioner for snug fit.

REINFORCEMENT

Reinforced CORDURA® knee and seat patches.

HOOD

Roll-away and detachable, fluorescent GORE-TEX® peaked hood for added protection. Improved look and ease of use with no exposed stitching and a seamless cordlock.

CENTRE ZIP

VISLON® water repellent zip is less susceptible to water corrosion with lower metal content.

VISIBILITY

In-seam reflective at the front, back shoulder, zips and sleeve seams.

CUFF

1mm neoprene internal cuffs with outer velcro adjustment to provide a tighter seal. Cuff tab sturdy, easy to adjust.

FABRIC

Now in a 3-layer GORE-TEX® laminate for superior breathability, durability and waterproofness that is incredibly lightweight. Stretch GORE-TEX® fabric at the upper back and elbows for enhanced freedom of movement.

- MPX RACE COLLECTION -

Brand new MPX Race Lite is ideal for performance racing in all weather conditions. The jacket and smocks use a revolutionary new 3-layer GORE-TEX® Pro that is **30% lighter** and **20% more breathable** than MPX Offshore Race but with the same waterproof protection. Tested aboard the IMOCA 60 Banque Populaire VIII, the crew were impressed with how light, durable and waterproof it is. Stripped back with fewer panels and seams than MPX Offshore, stretch fabric in high mobility areas and enhanced streamlining, you can race unrestricted. The new nylon fabric results in both a smoother feel with greater abrasion resistance making it more durable than ever.

- BR1 COLLECTION -

BR1 is a MUSTO rating for waterproof and breathable performance fabric that, even after five washes, has a minimum waterproof rating of 5,000mm and up to 10,000mm. BR1 sailing kit gives you fully waterproof and windproof protection while also providing breathability.

Choose the mesh lined BR1 Inshore Jacket for sailing out of the bay. With prismatic reflectors and a fluorescent hood, you are more visible in dull weather. The Coastal Jacket is ideal for day sailing inshore and around the bay. Waterproof, mesh lined and with nautical styling you can wear this off the water too.

The nearly identical Sardinia and Corsica Jackets come in block colours for a smart look on and off the water. The Sardinia is mesh lined for summer and the Corsica is fleece lined for colder weather.

JACKETS AND GILETS

Whether on your boat or relaxing après sail, Evolution is your must-have water sports layering system for all weathers. Jackets and gilets are the ideal outer layer for protection from the elements. Choose incredibly light and water resistant PrimaLoft® insulation for warmth, or WINDSTOPPER® to cut out wind chill. Soft shells give you excellent breathability with water repellence. Stay out for longer in MUSTO.

FLEECES

Put on a breathable middle layer fleece for added warmth on the boat in cooler weather. MUSTO Essential Micro Fleeces offer lightweight warmth while the Essential Fleeces and Tundra Fleeces are a thicker, slightly heavier middle layer for cold weather.

- DINGHY COLLECTION -

MUSTO's Dinghy collection is designed and developed in conjunction with elite sailors to provide you with the ultimate performance. Specialised constructions ensure you stay warm in cool conditions while regulating body temperature during high activity. In warm weather, you can choose streamlined layers with waterproof and windproof protection so you stay cool when summer sailing. Innovative stretch fabrics maximise your freedom of movement and comfort whether racing in or having a day of fun on the water. We designed the Dinghy Collection with our own boat class in mind - the MUSTO Performance Skiff.

Pinnel and Bax Race Team also put it to the test so you can be sure it stands up to the demands of those at the top of their game.

TECHNICAL FOOTWEAR

With decades of sailing experience, we know what we want in the ultimate sailing shoe or boot. So, we have put GORE-TEX® liners in our boots for total waterproof protection that remains breathable. Pair them with our GORE-TEX® socks, a favourite of Volvo sailors. ROCK soles provide exceptional grip and the sailing trainers feature self-drainage systems to prevent pooling. Look smart in salt resistant leathers on the marina. Several come in women's sizes too.

Find more at www.musto.com/sailing-footwear

TRILITE

Designed with shoe experts, Clarks, and using Loughborough University's ground-breaking research, TriLite is the future of sailing performance footwear. Its innovative 3-part sole allows the heel, mid-foot and toes to flex independently and the wide front foot allows your toes to splay so you have natural motion. Discover all the features of TriLite.

MUSTO unisex gloves are ergonomically designed to protect you from rope burn and blisters. For casual sailing, choose the Amara reinforced Essential gloves. The Performance gloves are engineered with pre-curved fingers and a power stretch back for dinghy racers. Our premium Evolution gloves are the most durable with incredible freedom of movement and extra tough abrasion resistance. For winter, we even have a waterproof GORE-TEX® glove filled with insulating PrimaLoft® for sailing in Arctic conditions.

MARINE LIFESTYLE

From lazy days on the deck drifting in the sun, to the stunning harbours in tucked-away bays and the vibrant culture of the marinas, our modern Marine Lifestyle designs reflect your passions.

Discover the Marine Lifestyle Collection at www.musto.com and in MUSTO stores.

MARINE ADVENTURE

From the Arctic Ocean to Antarctic expeditions, this is survival clothing for the most extreme cold conditions. We teamed up with Joseph Michael who took our Survival and Arctic ranges, packed with technical features, to Antarctica on a film and photography expedition. Sailing in snow blizzards and trekking across ice, our kit was put to the test and passed with flying colours.

Sail to the foot of powder-dusted mountains. It's just you and your best friends. Follow the exertion of reaching the summit with the exhilaration of skiing right back to the water's edge. Sail home.

This is the stuff of dreams. This is A Marine Adventure.
Available at www.musto.com/marine-adventure and in MUSTO stores.

WOMEN'S EVOLUTION TRAINING

Engineered for performance and comfort with plenty of style, discover our brand new Women's Evolution Training collection. Technical stretch fabrics and designs will make this your new workout wardrobe. Whether training for sailing or you're on the boat, Evolution Training is ideal.

Discover the full range of Women's Training at:
www.musto.com/womens-training

At MUSTO we are committed to delivering the very best products and services.

GORE-TEX® clothing carries a GUARANTEED TO KEEP YOU DRY™ promise: "If you are not completely satisfied with the waterproofness, windproofness or breathability of your GORE-TEX® product then we will repair it, replace it, or refund your purchase price." We uphold this promise in our GORE-TEX® products. In addition, at MUSTO we offer a guarantee on products that carry our MUSTO Promise tag for the reasonable working life of the garment. We also offer repairs for a small fee on wear and tear and damage.

You can also make your kit unique with personalisation. Visit www.musto.com/team-sales for more information.

CUSTOMER SERVICES AND TECHNOLOGY

At MUSTO we are committed to looking after you and your MUSTO products long after you leave our store. That's why everyone keeps coming back. We want to provide not only the very best products, but also the very best services.

"I'd like to point out two things that MUSTO are exceptional at doing. First being their excellent products they bring to the market and second their incredible customer services."

Charlie W.

PERSONALISATION

You can make your kit unique with personalisation. Embroidery and printing is available on most MUSTO products so you can have your name, your boat name or sponsor name and logos on hats, tops, jackets and bags. Make it your MUSTO. Visit www.musto.com/team-sales for more information.

"Many thanks once again to you and your team, the service has been consistently first class."

Garreth W.

REPAIRS

Does your well-worn sailing kit need some care and repair? Have you snagged your jacket at the marina? We offer repairs of all kinds for a small fee on wear and tear and damage to your MUSTO products. Simply contact customer.services@musto.com

"I was expecting to pay considerably more [for the zip repair]. It proves to me that it is well worth paying a bit more for a quality British product."

Graham H.

SHIPPING

If you shop online, we will ship your order for free to mainland UK addresses and we ship internationally to over 40 countries. Or, find your closest store at www.musto.com/store-locator

"Thanks a lot, you're great! Really super service, I'm really happy."

J. Pontier

GORE AND MUSTO GUARANTEES

Every GORE-TEX® product in our range – be that a jacket, middle-layer, bag, glove or hat – goes through rigorous waterproof testing at Gore headquarters before we bring it to you. They ensure that every one of our GORE-TEX® garments stands up to their exceptional standards so they can guarantee the GORE-TEX® products we make.

GORE-TEX® GUARANTEED TO KEEP YOU DRY® promise: If you are not completely satisfied with the waterproofness, windproofness or breathability of your GORE-TEX® outerwear then we will repair, replace or refund your purchase price. We at MUSTO will handle this on your behalf.

In addition, at MUSTO we offer a guarantee on products that carry our MUSTO Promise tag for the reasonable working life and use of the garment.

PRODUCT CARE

We highly recommend Grangers reproofing and cleaning products to care for your MUSTO waterproof clothing. Find Grangers at www.musto.com
